With the CardValet[®] app, you can save time and gain peace of mind knowing you can control the cards in your wallet with the phone in your pocket. If you can't find your debit card, you can instantly lock the card to prevent fraudulent charges from being made. Don't worry; you can also instantly unlock the card when it turns up in the dryer or refrigerator. (No judgment.) With CardValet you can also set spending limits, get purchase alerts in real time and limit transactions to a certain area using your phone's GPS, all while having the ability to personalize your own security settings to suit your busy lifestyle. With convenience like that we may see less of you here in the branch, but we'll still be here if you need us. We'll miss you, so stop by once in a while even if it's just to say "hi."
